Church**

Itinerate Missionary Services
"Short Term Support to His Eternal Church"
II Timothy 4:9

Back in October of 1995, I answered God's call to start a mission work in Vesta, Virginia. Now, 13 years later, God has once again moved in my heart to turn this work over and move into another area of service. My heart is directed toward providing a special service to missionaries, pastors, and churches. Through my years of work from our church, I have seen a need in four areas and God has now dealt with me to render help.

1st Providing assistance to missionaries who need short term relief to return home for refreshment or other needs.

2nd Providing assistance to Pastors who are experiencing health problems and are temporarily unable to fulfill their duties.

3rd Providing assistance to a church who is having difficulty in calling a pastor

4th Provide financial relief to missionaries, pastors and churches who are experiencing difficulties or have special project needs.

These services are intended to be provided without cost to those who would need them. If you would like to help, like more information, or know of someone who could benefit from our services, feel free to contact us by the information on the front of this card. We would appreciate your consideration and prayers.

Thanks, Michael Sutphin
