**ITALY**

September 2015

Dear Pastor and Praying friends,

Greetings again in the blessed name of our Dear Lord Jesus! It is wonderful to again report to the dear Saints who hold us up with prayers.

We can certainly assure you that prayer works, and what you do for us in that regard can almost daily be seen and felt here in this difficult field. We Praise the Lord God for his protection, and His provision.

Thank you much for your prayers for Sheila. She had an ovarian cyst, and as big as it was, we were a bit nervous. It had caused her great pain for a while. She had some analyses done, some scans, and a few ultrasounds. We were bracing for a long struggle, and the Doctor was about to prescribe her antibiotics to destroy it; the day that she went to get the prescription for those antibiotics, the Doctor took a scan and there was NO cyst.

It just disappeared! The Doctor was shocked. Sheila told him that many people were praying for her. We have no explanation. But we Praise God for his goodness!

We are really seeing the Lord work here. It is wonderful, the way we see things come to fruition. It is slow, but we take advantage of the doors that The Lord opens. We have had the blessing of becoming more involved in the lives of a few of the young people in town. Sheila helps tutor English, and mentors some of the young ladies we know. We also have our visits on Tuesday's at the nursing home here. We don't go in with a Bible, or leave the place having emptied our pockets of Gospel tracts. If we did that here, they would never let us back in. As we are allowed in, we sit with the elderly and talk with them, hold their hands and love them. They are often unloved, and mistreated by their families, and unfortunately, at times by even the nursing home attendants. When we come, they really enjoy it. And we do speak of Christ, his Word, and give Truth, not by Preaching from a pulpit of wood with an open Bible. But we quote them verses from memory, and try to be a help and comfort. The effort is worth it for us, taking the opportunity to build relationships and the trust over time! It's better than only getting in once or twice with open Bible, and handing out tracts that would end up littering the ground! The authorities would know what we are trying to do, blacklist us, and shut us out. The Priests have power to do that here. We know that, and we pray for wisdom, And The Holy Spirit's direction. If we could only acquire a bit more patience, I think it would even become more exciting, and agreeable the labor here. We know it is not in vain.

I met a man, Rodolfo, at the nursing home, who spent years in northern Canada, and speaks English. I can spend hours talking with him, and the attendants have no idea what we are conversing about. "Wise as serpents, harmless as doves". We pray we can reach the people, get through the years of lies and false doctrine before it is too late.

I also have had these summer months, opportunity during my morning walks to walk with Italian men and meet with men in different places during my stroll. It seems I do more preaching while out and about the village, than I do on Saturday Bible Study, or Sunday services. Praise God He has given me favor in the eyes of a handful of men, who let me go on and on about what Jesus Christ has done for me, and what He is willing to do for them. I love to tell others of how much Jesus has done for me!

Oh how he loves you and me!

The Word talks of a "So great Salvation". Truly, life in Jesus is good! Everyone should know! Everyone needs to know! Jesus is the only way.

We are so thankful for where God has placed us, and who he has placed us around. There are no accidents with God! The Work here is a hard work. But it's a Wonderful work.

Thank you all for your continued prayer and financial support. We pray That God blesses you greatly for your help in the cause of spreading the Gospel, and the love of Jesus Christ here in Italy.

Because He Lives,

Angelo and Sheila Serino
